

POINTERS ON THE RACES.

The Sixth Event To-Day Is Over
Five Hurdles.

The Programme as a Whole Is a Good One.

A hurdle race is the feature of racing at Guttenberg to-day. Whether it will be a good race or whether it will turn out the usual race is a matter of conjecture. The latter will most likely be the case. The st. John, Landseer, Topka, St. Luke, St. Spens and Dundee make a fair field, and a good race may result.

The flat races are all good. The fields are considerably lighter than on any previous day of the week, but the quality is good, and some excellent sport may be seen.

The seven-tenth dash looks the most interesting event of the day. Jack Rose, Harriett, Remorse, Firedly and False B. should finish very close together.

The entries and selections are as follows:
